### WE HOPE ROSH HASHANAH IS AN OPEN DOOR TO ALL THAT YOU WISH FOR IN 5774

We had a great summer; we hope you did too.  
But now we all have some reflecting to do.  
As a New Year approaches, it comes to remind us  
To put in perspective the year that's behind us.

Esther worked hard at L.A. Federation  
And actually found time for some days of vacation  
With nephews and nieces, but also spent days on  
NextGen Engagement and Content Liaison.

A year spent in Israel just wasn't sufficient  
For Jack and Penina; though we're not omniscient,  
We knew they'd stay longer when we got a look  
At their Sunday routine of brunch at the shuk.

Gilly and Dov are now fully bilingual.  
At the pool and in school they do every thing well.  
With three weeks in the States, reuniting with friends,  
It's the best of both worlds, which they hope never ends.

Ilana helped kids using psychology  
While Simmy produced more new shows for TV.  
But this year each took on a role as thrill seeker  
Ziplining through forests in green Costa Rica.

Julia's new bed means that she's the big daughter  
And this year she learned how to swim underwater.  
Ella likes dressing up – always in style  
And she's ever ready to flash a big smile.

In his retirement Al turned a page,  
Writing books and performing on many a stage.  
He spent two months in Israel for holiday fun,  
And managed to soak up some Florida sun.

Our holiday greetings go out to you  
For good health and peace and prosperity too.  
We hope Rosh Hashanah's a wide open door  
To all that you wish for in 5774!
